About the Author 24

What's this weird
but cute animal?

Fuzzy
fur!

It's a
**snub-nosed
monkey.**

A close-up photograph of a golden snub-nosed monkey. The monkey's face is a pale blue color, contrasting with its thick, orange-brown fur. It has large, dark, expressive eyes and a small, upturned snout. The background is a soft, out-of-focus green, suggesting a natural habitat.

Bluish face!

PUSHED-IN
nose!

Snub-nosed monkeys live
in mountain forests in Asia.

Brrr! Brrr! In the winter,
it can get very cold.

The monkeys'
thick, fuzzy
fur keeps
them warm.

Even the monkeys' hands are furry. It looks as if they're wearing mittens!
