Animals That Dig

What can dig?

A close-up, low-angle shot of a white dog's hindquarters and tail as it digs in the sand. The dog's fur is white with some light brown speckles. Sand is being kicked up into the air, creating a dynamic, blurred effect against the clear blue sky. The background shows a sandy beach leading to a turquoise ocean under a bright blue sky.

A dog can dig.

What can dig?

A pig can dig.

What can dig?

A skunk can dig.
